## How to Support Student Education:

### • Ask Questions & Listen

Communication is essential in building strong relationships. Set aside time each day to talk about school. What was the best part of the day? What was the hardest part of the day? Phrase questions so they need more than a simple "yes" or "no" answer. Then listen. Giving your complete attention to conversations helps everyone feel valued. Be patient and don't interrupt or jump to conclusions. Remember that the best time to talk is when everyone is rested, fed and not feeling rushed or frustrated.
